Papers of Dave Roberts

[1930s]-1991

Papers compiled by the athlete and statistician Dave Roberts. The collection primarily comprises material relating to the Road Runner Club (RRC) although there is some material related to Mitcham Athletic Club. The papers include a number of athletics programmes, almost all concerning the London to Brighton road race; results and statistics; and papers relating to the RRC and Mitcham Athletic Club. There are also a number of scrapbooks, compiled by Dave Roberts, which provide a detailed overview of athletics in England during the 1930s, 1940s and 1950s.

**Administrative history:** Dave Roberts was born in Canada and later moved to Cardiff and was associated with Roath Harriers. He then moved to Tooting Bec Hospital where he was employed as a nurse and he became a member of Mitcham Athletic Club. He had a particular interest in collecting athletics results and recording the personal road performances of the long distance runners of Great Britain. When the Road Runners Club (RRC) was formed in 1952, Dave became their first Honorary Statistician. In 1962 he published 'Distance Running Records' which carried a foreword written by John Jewell. During the 1960s Dave suffered from ill health and he died in 1972.
