ATH/MCAAAA

Records of the Midland Counties Amateur Athletic Association

1900-1991

Records of the Midland Counties Amateur Athletic Association (MCAAAA). Comprises an extensive sequence of minutes and meeting papers, dating from 1900, generated by the committees which directed the actions of the MCAAAA; attendance registers; a small number of financial papers; circular correspondence; and publications, including a number of athletics programmes.

These records are of interest to those studying amateur sports, especially athletics culture in England during the 20th century. Although these records cover the vast majority of the Association's years of operation, including the years of both World Wars, there are no papers pre-dating 1900. It is possible that early records may have been damaged by fire.

Administrative history: During the first half of the nineteenth century, athletics had been dominated by the upper middle classes who had experienced athletics at public schools, at universities and in the army. However, during the 1860s and 1870s, athletics became a popular national sport and working men in the North and the Midlands in particular were drawn to the sport. Many local clubs, run by committees, were set up and these often held open meetings and competitions which attracted large numbers of spectators. The Amateur Athletic Club, founded in 1866, was one of the principal clubs and it organised an annual national championship. However, there was growing concern about malpractice and corruption in the sport arising out of betting practices and the requirement to make a clear distinction between amateurs and professionals. In 1879 representatives of northern clubs had established the Northern Counties Athletic Association (NCAA) in order to regulate the sport of athletics in the north of England. In February 1880, Frank Smith, the Secretary of the Birmingham Athletic Club invited clubs in the Midlands to send delegates to a meeting on 1 March to consider forming a Midland Counties Athletic Union to regulate

Records of the Midland Counties Amateur Athletic Association

similarly the sport in the midlands. The Midland Counties Amateur Athletic Association (MCAAA) was established at this meeting.

Following the establishment of the MCAAA and the NCAA, Montague Shearman, a former President of Oxford University Athletic Club and a member of the London Athletic Club intervened to ensure that there was national coordination and leadership for the sport. He invited delegates from the MCAAA, the NCAA and athletic and cross country clubs in the south to a meeting in April 1880 at the Randolph Hotel in Oxford to establish a national governing body and the Amateur Athletic Association (AAA) was formed. The Association was to be managed by a General Committee composed of representatives of various athletics organisations, including the NCAA and the MCAAA, and other elected members and it was also agreed that the annual championship meeting was to be held in different parts of England in rotation.

Athletics remained a sport for men until the 1920s when women entered the sport. The independent men's and women's organisations have now merged and the amateur-professional separation has been abandoned. In 1989, the MCAAA (founded in 1880) and Midland Counties Women's Amateur Athletic Association (MCWAAA, founded in 1925) amalgamated to form the Midland Counties Amateur Athletic Association. This now serves as the governing body for athletics within the Midlands

ATH/MCAAAA/1/1/1 General Committee 1900-1982

The General committee had responsibility for the overall management of the Midland Counties Amateur Athletic Association. Matters dealt with by other committees were fed into the

Records of the Midland Counties Amateur Athletic Association

meetings of the general committee which were held on a monthly basis, minutes and reports from other committees are therefore occasionally included in with the general committee minutes. Particular issues that arise during other committees are often deferred to the general committee meetings which then had the power to ultimately resolve the issue.

Amongst the committee's responsibilities are the election of association and committee officers, dealing with applications for race meetings and request for affiliation to the association by local clubs, the discussion of finances and association rules, as well as receiving reports from other committees. Issues arising in the AAA, the parent body, are also reflected within the minutes and the collaboration between the two bodies is illustrated such as with the National Cyclists Union debate, sporting fixtures, coaching and the olympic games.

Also contained within the volumes are the minutes of the district committees which were meetings held by area and which discussed and fed into MCAAA matters. District committees included in these minutes consist of: Leicestershire and Rutland District, Cambridgeshire and Huntingdonshire District, South Derby and South Nottinghamshire District, Northampton, North Buckinghamshire, North Oxfordshire, and North District, North Gloucester, North Hereford and South Worcester District.

Discussion within the general committee minutes confirms that the MCAAA collection is lacking a number of committee papers representing the administration of the association.

General Committee Minutes

1920-1926

This volume contains printed meeting minutes and agenda covering the dates June 10th 1920 to January 14th 1926, the committee meetings are once again held on a monthly basis. The volume also contains the annual statement of accounts and minutes of the AGM. A small number of news cuttings from local newspapers have also been pasted into the volume. These generally relate to the court cases brought by the AAA against athletes who fraudulently attempted to obtain race prizes under false pretences. For example, in December 1921 MCAAA athlete David Aldous attempted to obtain a silver rose bowl, the prize for winning the three-quarter mile flat race at Rugby, under the name of a non-competing athlete William Walker of Hallamshire Harriers, the AAA took Aldous to court and he was eventually fined £5. The rear of the volume contains the General Committee minutes of a meeting held by the AAA and the minutes of meeting regarding the Inter county team and relay championships which was also held by the AAA.

ATH/MCAAA/1/1/2

Handicapping Board of Control

1910-1965

Incomplete series of minutes of the Handicapping Board of Control. The earliest minute book of the committee is missing and the series begins in 1910, there is also a gap in the sequence from 1934-1955. The Handicapping Board of Control had responsibility for the issuing of handicapping licenses as well as the power to revoke them. The minutes of the meetings cover the administrative aspects required of the committee in dealing with applications from athletes for the licenses, and the granting and refusal of the licenses for all classes and types of racing. The minutes reflect the seriousness with which the rules of handicapping were taken and the enforcement of these rules which often lead to appeals made by athletes who felt they had been unjustly penalised by the handicapping board for misconduct. The committee received a significant number of appeals on a regular basis which were considered and treated in a variety of ways, often leading to the reinstatement of the athlete,

Records of the Midland Counties Amateur Athletic Association

temporary suspension or the issuing of a warning. Athletes often attended the board meetings in person to defend the committee's claims of misconduct against them.

The proceedings of meetings arranged by the Amateur Athletic Association's Joint Board of Control Committee are also contained within these committee minutes. The Joint Board of Control was a committee meeting held between the handicappers of the Midland, Northern and Southern Counties Amateur Athletic Association's as organised by their parent body whose handicappers were also involved. The meetings reflect the desire of the AAA to standardise the handicapping process and for there to be uniformity of practice across the regions. Often however, each region had its own way of handicapping events within their domain and generally fail to agree to adopt identical rules.

Additional information recorded within this series of minute books are details of those appointed as handicappers, occasional accounts of the fees paid to officers in the role of handicapper and details of correspondence between the MCAAA and other parties such as regional athletics clubs, individual athletes and the Amateur Athletic Association. The minutes from the 1950s tend to be broader in scope with regard to what is discussed and committee responsibilities clearly extend further than their initial remit. Additional business includes election of representatives on AAA sub-committees, organisation of championships or race meetings and appointment of officials. The meetings are generally held in Birmingham.

The minutes of October 2st 1929 record that there was a case of one athlete impersonating another in the 880 yards and mile races at Croft sports. According to the programme of that event Keith Dixon of Kettering Town won the event, however, he emigrated to Australia in March the previous year. It was decided that the Honorary Secretary and Honorary Assistant Secretary would travel to Kettering in order to identify the culprit.

ATH/MCAAAA/1/1/3 Championships Committee 1927-1954

The Championships committee and sub-committee was responsible for the organization of the Midland Counties Amateur Athletic Association championships at various competition such as Senior, Junior, Marathon, Steeplechase and other inter-club matches. The committee was responsible for every aspect of an athletic meet and issues discussed include officials, finances, programmes, equipment and the eligibility of athletes. The committee was also given the task to review the performances of the athletes in the Midland Championships and assess as to whether their performance warrants entry to the AAA national championships. A winning athlete did not automatically gain entry to the national championships, this decision was at the discretion of the MCAAAA officers.

	<p>Programmes of athletic events organised by the Midland Counties Amateur Athletic Association including a small number of programmes dated pre-First World War. The majority of the programmes relate to track and field events, but a small number relate to road racing. Some programmes have been annotated with placings and timings and some appear to be judges' and officials' copies. A large number of meetings were held at Alexander Stadium, Birmingham or at RAF Cosford, near Wolverhampton.</p>
