Papers of Phil Thomas

[c 1900]-
[late 20th
century]

Personal papers compiled by the athletics administrator and coach Phil Thomas. The collection's primary strength rests upon a very large sequence of high-quality photographs depicting athletes and athletics meetings primarily staged during the 1970s and early 1980s. Athletes depicted in these photographs include Seb Coe, Steve Cram, Brendan Foster and Donna Murray. In addition, the collection includes a number of athletics programmes, mostly dated during the 1970s and early 1980s, reflecting cross-country racing, road racing, road relay racing and track and field meetings primarily held in the north-west of England. There are also a small number of papers relating to athletics organisations operating in north-west England including the Northern Counties Cross-Country Association and the Liverpool and District Cross-Country Union.

Taken as a whole, the collection is a valuable research tool for athletics historians, especially those researchers interested in English athletes who were prominent during the 1970s and early 1980s.

Administrative history: Phil Thomas (b 1945), athletics administrator and coach, was one-time secretary of the Liverpool and District Cross-Country Union as well as press officer for the Sutton Harriers and Athletic Club. During the 1960s the Harriers ran successful female and junior cross-country teams. Phil organised a number of matches between local secondary schools and established a Merseyside cross-country league for girls. This was believed to have led to an increased interest in the sport and a subsequent influx of female athletes. The girls took the National cross-country title at Runcorn in 1979 and numerous photographs from this meeting are included in this collection.

Phil was one-time secretary of the Liverpool and District Cross-Country Union and held degrees from the Universities of Lancaster, Liverpool and Keele. He was also the editor of *Athletic Review*, magazines with a limited circulation and which was known to sometimes cover controversial subjects. The magazines also

contained detailed results from specific track and field meetings and road races.
