ATH/SCAAA Records of the Southern Counties Amateur 1946-1991
Athletic Association

Records of the Southern Counties Amateur Athletic Association (SCAAA). Comprises a sequence of minutes and meeting papers, dating from 1957, generated by the committees which directed the actions of the SCAAA; annual reports and constitutions; a number of athletics programmes and other printed publications.

These records are of interest to those studying amateur sports, especially athletics culture in England during the 20th century. There are no papers pre-dating 1946.

Administrative history: The Southern Committee was set up by the Amateur Athletic Association (AAA) in 1883 as a counterpart to the Northern Counties Athletic Association (NCAA) and the Midland Counties Amateur Athletic Association (MCAAA) and it served as an area association of the AAA. In 1961, the Southern Counties Amateur Athletic Association was formed and was put on the same footing as the MCAAA and the NCAA.

Athletics remained a sport for men until the 1920s when women entered the sport. The independent men's and women's organisations have now merged and the amateur-professional separation has been abandoned. In 1991, the SCAAA amalgamated with the Southern Counties Women's Amateur Athletic Association (SCWAAA, founded in 1930) to form the South of England Athletic Association. This now serves as the governing body for athletics within the South of England.

ATH/SCAAA/1/1 Southern Committee 1961-1991

Minutes from a variety of committees and sub-committees are contained within the volumes of this sequence illustrating the administration of the association. There appears to be some overlap of minute books in the 1960s resulting occasionally in duplicate minutes being kept in different volumes. It seems that the minute-keepers had more than one minute book active at a given time and so some committees may not be as fully represented in one volume as it may be in another.

The Southern committee was responsible for the overall administration and decision making with the other committees and sub-committees having responsibility for specific areas. They reported back to the Southern committee with their findings which were minuted in the committee meetings and

Records of the Southern Counties Amateur Athletic Association

they in turn informed the Amateur Athletic Association of developments within the association.

Minutes from the following committees can be found within the minutes of this series: Official's Committee; Southern Championships Committee; Handicapping Board of Control; Finance and General Purposes committee.

Minutes from the following sub-committees can be found within the minutes of this series: Coaching Sub-Committee; General Purposes Sub-Committee; Development Sub-Committee; Southern Championships Sub-Committee.

The Southern Committee was established in to administer the athletics of the southern counties until the decision was made to create the Southern Counties Amateur Athletic Association in 1961. The previous minute books covering the years are to be found in the Amateur Athletics Association archive at reference. Many of the SCAAA officers sat on more than one committee, including that of the AAA.

The Southern Committee of the Amateur Athletic Association officially became the Southern Counties Amateur Athletic Association in March 1961, and was from then on equal footing with the Midland and Northern Counties Amateur Athletic Association. Prior to this the Southern Committee, as part of the Amateur Athletic Association, administered the sport for the southern counties of England.
