Records of the United Mission to Nepal

1954-2004

Copy minutes of Board and Executive meetings; includes correspondence and printed material.

The UMN originated in 1954 when, at the invitation of the Nepal Government and with the help of 8 mission organisations, a group of pioneering individuals set up a mission hospital in Tansen. A copy of the printed history of the UMN, 1954, is included with the archive.

The UMN is interdenominational and has worked with the people of Nepal and various church organisations to develop and empower communities through special projects relating to education, engineering and industrial development, health, rural development, etc The UMN has also participated in the national church.

Volumes are in chronological order

The first deposit of records was made by the United Mission to Nepal with the Selly Oak Colleges Central Library [later forming part of the Orchard Learning Resources Centre] in 1988. Additional deposits have been made on a regular basis. In 2000, the custodianship of all archive collections

Records of the United Mission to Nepal

held at the Orchard Learning Resources Centre was transferred to the University of Birmingham

Cataloguing of the records was undertaken by the Special Collections Department, University of Birmingham, in June 2000, as a result of the University of Birmingham's relationship with Selly Oak Colleges endowment trust.

All records of the UMN except for material less than five years old (unless published material, e.g., Annual Reports) are located at The Centre for the Study of Christianity in the non-Western World, New College, Mound Place, Edinburgh. EH1 2LU.
